Dear

In confirmation of our telephone conversation of August 11, 1959, "Meadow White" marble, as called for in the specifications, is a product of the Green Mountain Division of the Georgia Marble Co. and is quarried only in Vermont. This marble is whiter and more free of veining, although softer than white marble quarried in Georgia.

Enclosed for your information is a copy of our letter to Tompkins-Jones to which I made reference during our conversation.

As soon as Mr. Johnston returns from vacation, which will be August 17th, we will contact you to make arrangements for your inspection of the stone.

Very truly yours,

HARRISON & ABRAMOVITZ
